### PROFILE

Dedicated and enthusiastic web designer seeking to leverage technical skills and creative flair to contribute to dynamic projects in a collaborative environment. With a strong foundation in HTML, CSS, and JavaScript, coupled with a passion for user experience design, my goal is to craft engaging and visually appealing websites that exceed client expectations. Eager to apply my knowledge of responsive design principles and emerging technologies to drive innovation and deliver exceptional digital experiences. As a proactive learner committed to staying abreast of industry trends, I am poised to make a meaningful impact and grow professionally within a forward-thinking team.

### TECHNICAL SKILLS

- Proficiency in HTML, CSS, and JavaScript
- Experience with front-end frameworks like Bootstrap
- Familiarity with responsive design principles to ensure websites function well on various devices.
- Understanding of version control systems like Git for collaborative development.
- Basic understanding of SEO principles to optimize websites for search engines.
- Ability to troubleshoot and debug code efficiently.
- Knowledge of web performance optimization techniques to ensure fast loading times.

### WORK EXPERIENCE

#### Graphic Designer

Khalsa College Of Engineering & Technology

2021-2022

### ACHIEVEMENTS

- Successful Campaigns
- Client Satisfaction
- Team Collaborations
- Efficiency Improvements
- Education and Training
- Increased Engagement
- Brand Consistency
- Growth in Followers
- Event Promotion
- Student Engagement Initiatives
- Collaboration with Other Departments

### PROJECTS

#### kashmir Quick Cab

HTML/CSS | JavaScript

[kashmirquickcab.in](https://kashmirquickcab.in)

- Developed the "Kashmir Quick Cab" website, a platform dedicated to providing efficient and reliable cab services for tourists in the picturesque region of Kashmir. The website not only facilitates seamless booking of transportation but also serves as a comprehensive guide, offering valuable information about tourist attractions, cultural insights, and local tips. By combining user-friendly design with practical functionality, the project aims to enhance the overall travel experience for visitors exploring the enchanting landscapes of Kashmir.

#### HP india Clone

HTML / CSS

[github.com/owaisnaz](https://github.com/owaisnaz)

- Utilized front-end technologies such as HTML, CSS, and JavaScript to code and implement various features and functionalities of the website. Contributing creative ideas and solutions to enhance the user experience and overall design aesthetics of the hp clone website. This experience provided me with invaluable insights into web development methodologies, honed my technical skills, and attention to detail in achieving project success.

#### Portfolio

HTML / CSS JavaScript

[github.com/owaisnaz](https://github.com/owaisnaz)

- I independently conceptualized, designed, and developed my own portfolio website to showcase my skills, projects, and accomplishments. Leveraging my proficiency in web development tools such as HTML, CSS, and JavaScript, I crafted a visually appealing and user-friendly interface that effectively highlights my expertise and experience.
